

MAGDALENA ŚWIDERSKA
GOSPODARSTWO NATURALNE MALINÓWKA

CULTIVATING
DREAMS:
WHY THE
COUNTRYSIDE NEEDS
BRAVE WOMEN.

MALINÓWKA FARM

MALINÓWKA FARM

is located in western Poland, in the Lubusz Voivodeship. It is an old forester's lodge situated by the Brzeźniczanka River.

IN THE BEGINNING, THERE WAS A HOUSE

IT TOOK US OVER 7 YEARS TO FIND IT.
THERE ARE NO NEIGHBORS AROUND;
WE BOUGHT IT TO ESCAPE FROM
PEOPLE, TO HAVE OUR OWN PLACE
WHERE WE COULD HIDE AND WHERE
NO ONE WOULD FIND US... THAT WAS
THE PLAN. DID IT WORK? ;)

DURING THE RENOVATION CHAOS

THE HOUSE IS 95 YEARS OLD. WHEN WE BOUGHT IT, IT REQUIRED RENOVATION - MUCH MORE THAN WE EXPECTED. HOWEVER, OUR FRIENDS DIDN'T MIND AT ALL AND VISITED US OFTEN. AND I FED THEM - IN THE DUST, SOMETIMES EVEN WITHOUT A ROOF OVER THE KITCHEN.

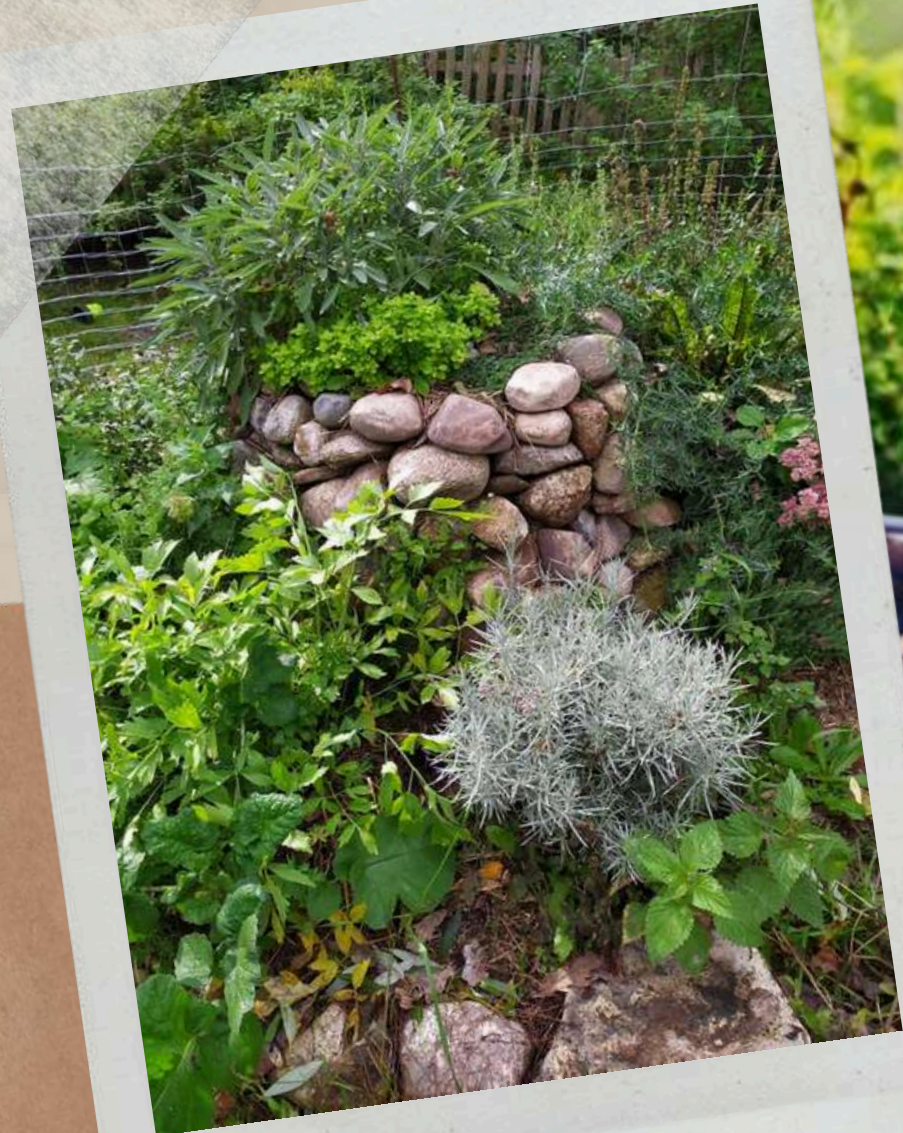

THEN WE BOUGHT THE SHEEP

known as grey horned sheep.

We needed them to manage the land
around the house.

PERMACULTURE

Meaning, modeling our actions on processes occurring in nature.

PERMACULTURE

Biodiversity - weeds!

Compost, compost, compost.

No-dig plus the magic of sheep.

Ducks help us control snails in the garden.

BEEES!

On March 13, 2015, THEY appeared.
And changed absolutely everything.

EDUCATIONAL FARM

IT TURNED OUT IT WASN'T JUST ABOUT
THE HONEY.

By complete accident, we started leading beekeeping workshops for children. It was supposed to be just one class for a teacher friend. We have been doing it for almost 10 years now - during the season, practically every day.

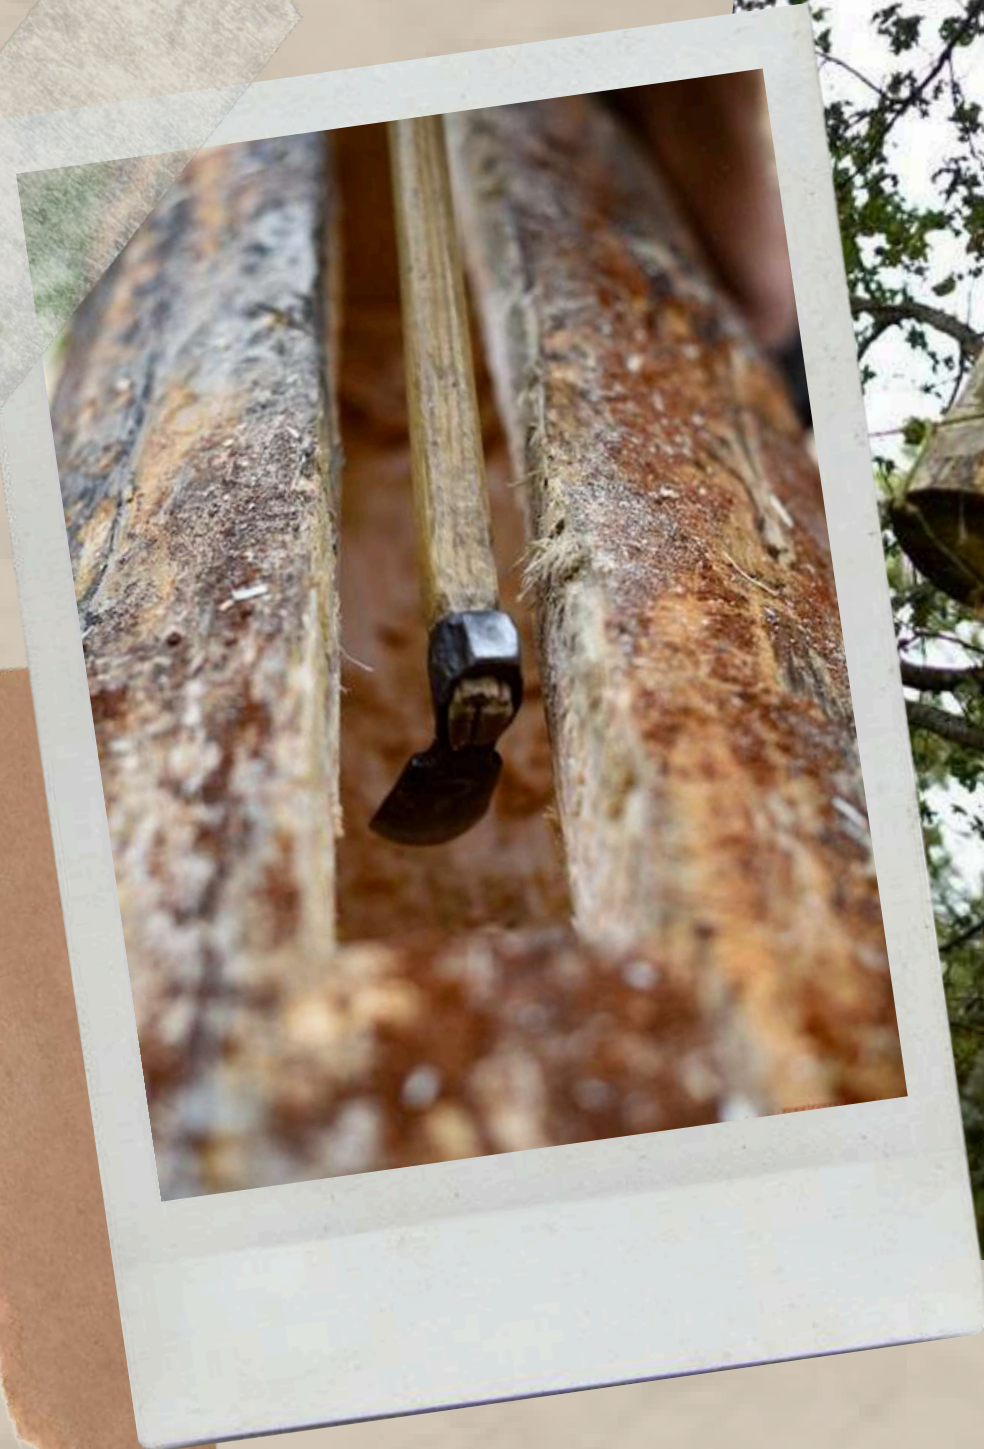

POLLINATOR HOTEL

WE ALSO TEACH HOW TO BUILD
HOUSES FOR POLLINATING
INSECTS.

PROFESSOR BEE ACADEMY

Classes for schools,
kindergartens,
community centers,
libraries, and
companies.

WILD BEEKEEPING

Forest bees

BEEKEEPING EMERGENCY -
FREE HELP FOR BEES IN THE
AREA.

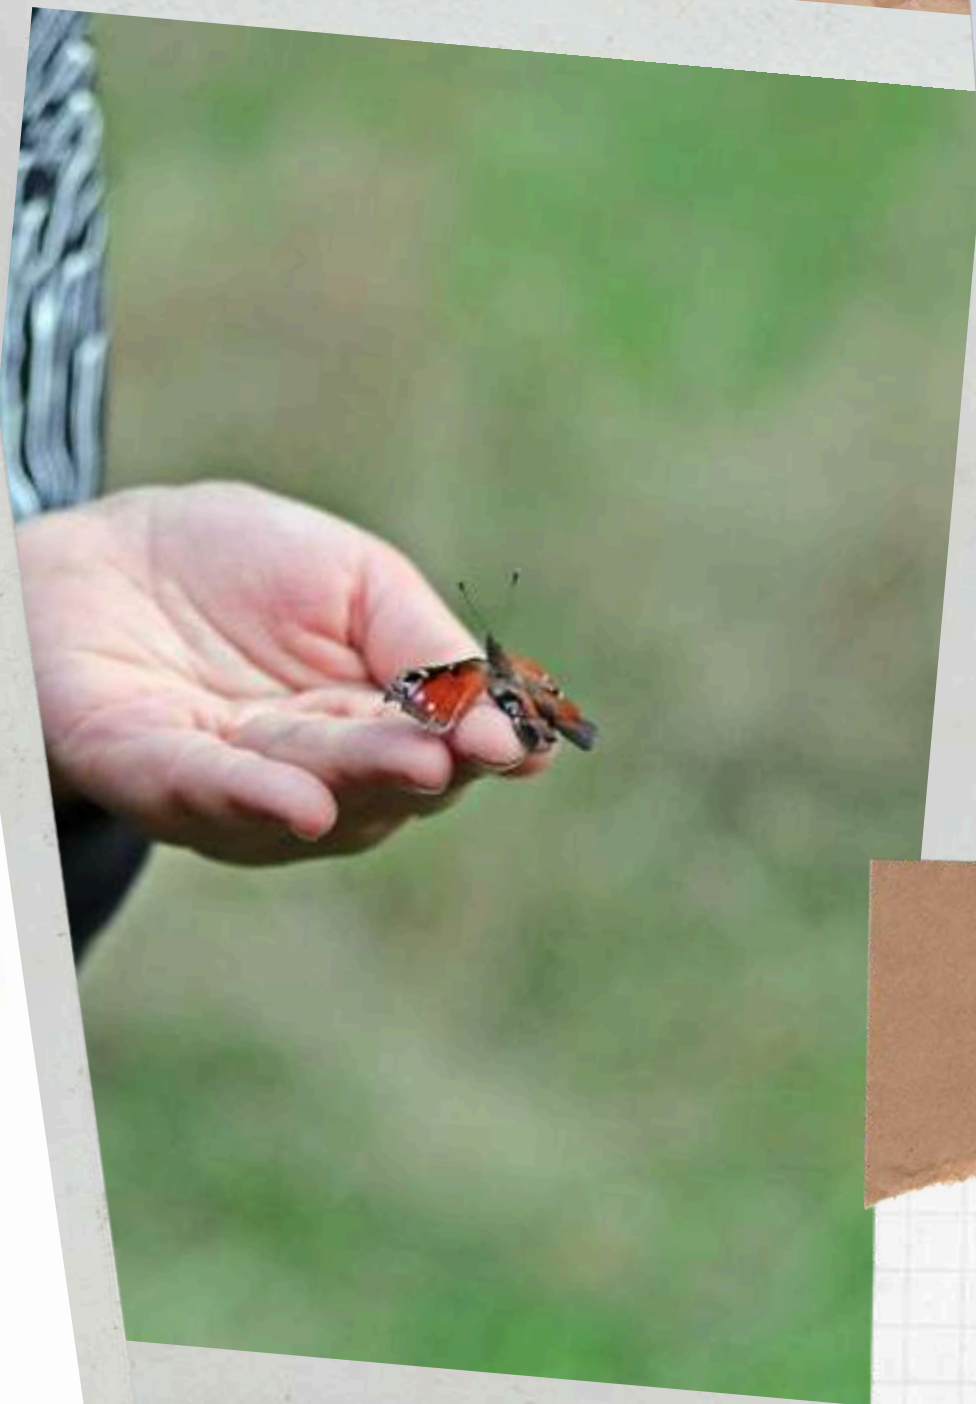

We help local residents safely
relocate bee swarms.

I AM NOT YOUNG. I DON'T FEEL
LIKE I'M BRAVE. IF YOU HAD ASKED
ME 20 YEARS AGO IF I WOULD BE
LIVING IN THE COUNTRYSIDE, I
WOULD HAVE SAID YOU WERE CRAZY.
BUT...

dreams are there
to be realized...
